Notes: Pages starting from 17 - Mowlana Jafar Sadiq hadith incomplete, maybe Rasalo? - Imam Shah's Moman Chetamni and other works of various Pirs- from 100 years ago. Incomplete ends at page 164 of what looks like a litho but may be a manuscripts because of the interrupted line at the right side in page 0001a-right or 0002-right at several places, which would be continuous in a litho. To be verified.
